## **WINTER SCHEDULES:**

During December, January and February **Wednesday** hiking will remain the same.

The **weekends** in December, January and February will have a hike and snowshoe, alternating days. Weekend hikes MAY not have a leader assigned and will be treated in the same manner as Wednesday hikes. The number of participants and their hiking abilities will determine the level of the hike; Easy, Moderate or Strenuous and possibly more than one hike.

Destinations for snowshoes will be decided a few days prior to the weekend and will depend on snow conditions. Snowshoes are usually in the moderate range. A notice will be sent out to the members via the Club email.

Members that are not currently receiving pics and write-ups for weekend hikes, and would like to be put on the distribution list, can contact Mike at: [pacpics82@gmail.com](mailto:pacpics82@gmail.com)

## **SAFETY AND “HOW TO” PROTOCOLS:**

- ◆ Know and respect your own limitations. Carry emergency contact info with you at all times. Bring water, a lunch for hikes and a snack for rambles. Suggested pack and first aid contents are listed on our website, [www.pentictonadventurers.com](http://www.pentictonadventurers.com).
- ◆ Please arrive 15 minutes before hiking and rambling to arrange car-pooling. Wear proper footwear and bring clean shoes for the return trip. Please, no dogs on hikes.
- ◆ Hike leaders, please hand in **guest** liability waivers to the executive. A guest may participate in two hikes per year. They will be kept for two years for the protection of all club members.
